Re: CalAmp
Labeling for FCC ID: **APV-SC1204**

To whom it may concern,

The device is so small, and for such use that it is impracticable to label with a font size that is four points or larger (and the device does not utilize electronic labelling), the FCC ID (label) and the required compliance statement shall be placed in the user manual, and the FCC ID shall also be placed on the device packaging.

1. The FCC ID and the compliance statements required are in the User's Manual
2. The FCC ID shall appears on the package label affixed to the shipping box.

Respectfully,
