Subject : Application of Class II Permissive Change for Microwave Oven

Application Type : Certification (Class II Permissive Change)
FCC ID Code : APYDMR0158
Model No. : R-21LTF, etc.
Applicant : Sharp Corporation
Manufacturer : Sharp Appliances (Thailand) Ltd.

Gentleman:

We would like to make a Class II permissive change application of FCC Certification for our microwave oven classified in FCC ID code: APYDMR0158

In our microwave ovens covered under APYDMR0158, we would like to use an alternate magnetron cat. No. 2M303H(L) manufactured by Toshiba. For this alternate magnetron, we submit herewith the application material for Class II permissive change application under the Certification program. Enclosed are the material listed as below.

1. FCC Form 731
2. Measurement report for magnetron 2M303H(L) tested by Japan Quality Assurance Organization (Tested on representative sample unit of model R-21LTF.)

If you have any questions or need any additional information on this application, please feel free to contact Mr. Steve Petruska of Sharp Electronics Corporation as our representative in the United State.

Very truly yours,

Y. Kato
