To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: APYDMR0172.

A change has been made to our Miele 26 Litre microwave oven that was approved under FCC ID: APYDMR0172 (Assessment number: AN08T8657). The magnetron has changed to a new part as the current manufacturer has ceased production. We would like to change parts from current part RV-MZA364WRZZ to the new magnetron RV-MZA406WRZZ.

FCC Testing has been carried out with positive results.

Therefore we would like to apply for a class II permissive change.

Best Regards
