FCC E-Label Information

A. Information to be displayed

1. The information that will be displayed on the e-label and information that will remain in the user manual is shown below:

Information	on E-label	In Manual
FCC ID number	Yes	Yes
FCC logo	No	No
15.19 statement ("This device complies with part 15 of the FCC Rules.	No	Yes
Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.")		

E-label:

FCC ID: APYHRO00283

B. Access to the required information on the e-label

	B. Access to the required information on the e-label			
1.	Users must be able to access the regulatory	The actual steps are:		
	information without requiring special access	To access the e-label information, in the		
	codes or permissions, and in all cases the	device, Choose: Slide to unlock > About		
	information must be accessible in no more than	Device		
	three steps from a product's main or home			
	menu.	No special access codes or permissions are		
		required to go through the above steps beyond		
		entering a user-defined password to protect		
		against unauthorized access to the device.		
2	Instructions must be provided with the product	The information to the user is provided in the		
2.	at the time of purchase, in the user manual,	user manual.		
	operating instructions, packaging material, quick	user manual.		
	guide pamphlet, etc. Alternatively, a product-			
	related website is permitted, if a reference (URL)			
	to obtain the website information is provided at			
	the time of purchase in the user manual,			
	operating instructions, packaging material, quick			
	guide pamphlet, etc.			
2	Products must not require special accessories or	The devices do not require special code, accessories		
٥.	supplemental plug-ins (e.g., the installation of a	or supplemental plug-ins to access the information.		
	SIM/USIM card) to access the information.	or supplemental plug-ins to access the illiornation.		
	Access to regulatory information must be			
	provided without special codes, accessories, or			
	permissions beyond the normal security			
	protection to unlock the screen, sign-in page, or			
	overall product access.

	manner that is clearly legible without the aid of	magnineation.		
	magnification.			
	Both regulatory information and dedicated	Yes, it is secured and the user cannot modify it.		
ار	exclusive application(s) or script(s) must be	163, 1613 Secured and the user Califiot Houry It.		
	secured and implemented in a factory-set-			
	unalterable format. The regulatory information			
	must be capable of being retrieved and			
	displayed locally, and under the control of the			
	end user in possession of the product. The			
	method must be secure, such that the			
	application or script ensures that the regulatory			
	information correctly displayed.			
	iniorniation correctly displayed.			

C. Labeling for Importation and Purchasing

1. When e-labeling is used, a physical temporary	The FCC ID and model number are present on the
label is also required on the product, or a label	product packaging.
on the packaging, at the time of importation,	
marketing, and sales.8 The physical label can be	
a summary version of the required regulatory	
information, such that the product can be	
identified as complying with the FCC's	

equipment authorization requirements. The information may simply be the FCC ID/IC ID for products subject to certification.

Products imported that are already packaged for sale and have a physical temporary label will satisfy this requirement. However, for products imported in bulk and not packaged individually, it is acceptable to use a temporary removable adhesive label on the product, or temporary or permanent labels on the shipping packaging or protective bags. Any removable adhesive label shall be of a type intended to survive normal shipping and handling.
