

Product Information

Safety and Compliance Information

Using Your Device Around Other Electronic Devices

The Device, uses, and can radiate radio frequency (RF) energy and, if not used in accordance with its instructions, may cause interference to radio communications and electronic equipment. External RF signals may affect improperly installed or inadequately shielded electronic operating systems, entertainment systems, and personal medical devices.

While most modern electronic equipment is shielded from external RF signals, if in doubt, check with the manufacturer. For personal medical devices (such as pacemakers and hearing aids), consult with your physician or the manufacturer to determine if they are adequately shielded from external RF signals.

There are some places where RF signals could constitute a hazard, such as health care facilities, and construction sites. If you are not sure, look around for signs indicating that two-way radios or mobile phones should be turned off.

Changes or modifications that are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Compliance Information

Radio Frequency Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The party responsible for FCC compliance is SKF USA Inc., 890 Forty Foot Rd. , Lansdale , Pennsylvania, PA, 19446, USA.

Device Name: CMWA6400

Information on your device is on file with the FCC and can be found by inputting your device's FCC ID, which can be found on the back of Device, into the FCC ID Search form available at <https://www.fcc.gov/general/fcc-id-search-page>.

Information Regarding Exposure to Radio Frequency Energy

The output power of the radio technology used in the Device is below the radio frequency exposure limits set by the FCC.

Recycling

Product Properly In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of or recycle the Products in accordance with your local laws and regulations.

Product Specifications

Model Number: CMWA6400

Electrical Rating: 2 CR2450A Lithium Non-Rechargeable Batteries, nominal 3V, 1100mAh

Operating Temperature Rating: -40°F to +176°F (-40°C to +80°C)

Storage Temperature Rating: -40°F to +140°F (-40°C to +60°C)

Relative humidity: 10-95%

Connectivity: Bluetooth Low Energy
