FCC Equipment Authorization

**Subject: Dismiss Class II Permissive Change grant for FCC ID: AS5BBTRX-10A granted on 04/08/2014 by Timco Engineering, Inc**

Dear FCC Staff:

Please dismiss the Class II Permissive Change grant for FCC ID: AS5BBTRX-10A granted on 04/08/2014 by Timco Engineering, Inc. This is an Unlicensed National Information Infrastructure (UNII) device with Dynamic Frequency Selection (DFS) capability. The TCB did not realize this until the day after they granted it.

The TCB will submit a PBA for this device as soon as the dismissal is finalized (April 10, 2014 or later).

Thank you for your help with this matter.

Sincerely,

A handwritten signature in cursive script that reads "Rudolf J. Pillmeier".
