**Mr. Sid Sanders, President
Timco Engineering, Inc.**
849 N.W. State Road 45,
P. O. Box 370
Newberry, Florida 32669

Dear Mr. Sanders:

On behalf of Alcatel-Lucent, I hereby request that the following exhibits, included in this Application for Certification, under **FCC ID: AS5BBTRX-23**, covering the Alcatel-Lucent **B13 RRH 4x30**, be maintained as permanent confidential information and not be made available for public inspection at any time.

<u>Exhibit #</u>	<u>FCC Rule Section</u>	<u>Exhibit Title</u>
Exhibit 4	Section 2.1033(c) (12, 3)	Installation and Operating Instructions
Exhibit 6	Section 2.1033(c) (10)	Complete Circuit Schematic Diagrams
Exhibit 7	Section 2.1033(c) (10, 13)	Description of Circuitry and Devices for Determining and Stabilizing Frequency and for Limiting Modulation and Power and Description of the Digital Modulation System
Exhibit 9	Section 2.1033(c) (12)	Internal Photographs of the Equipment

These exhibits contain Alcatel-Lucent proprietary information that is considered to be trade secrets, with possible patents pending, and the property of Alcatel-Lucent, pursuant to the provisions of Parts 0.457(d) and 0.459 of the Commission's Rules. These exhibits also contain design and trade secret information that is highly proprietary to Alcatel-Lucent and our contracted manufacturer/supplier. Exhibits 6 and 7 are highly proprietary and contain design information that are not available for public inspection. This information is proprietary both to Alcatel-Lucent and to Alcatel-Lucent's contracted manufacturer/supplier.

The Installation and Operating Instructions in **Exhibit 4**, is furnished by sale only to licensed customers and for use by their professional technicians under the control of a Non Disclosure Agreement (NDA). This manual contains Alcatel-Lucent proprietary information about circuits, equipment, features and architecture descriptions that are not available for public inspection and is only released under the control of a Non Disclosure Agreement. These products are installed in a limited access location either on the top of a large tower (or in a fenced enclosure / building) such that it is only serviceable by professional designated technicians under a Non-Disclosure Agreement.

The views represented by the internal photos in Exhibit 9, are not accessible to the public or to field service technicians. This product is not field repairable and is returned to the manufacturer for repair. This device is always installed in a limited access location either mounted on top of large tower or inside a customers fenced enclosure or building.

All sales for these devices are under a NDA restricting the disclosure of the propriety information, including internal photos to all users. A copy of the Non disclosure agreement is enclosed. This information meets the requirements, as specified in KDB 726920 D01 Confidentiality Request Procedures v01r01, for permanent confidential status.

Thank you for your consideration in this matter.

Sincerely,

Rudolf J. Pillmeier
