Dear Examiner:

On behalf of Lucent Technologies, I hereby request that the following exhibits, included in the Application for Certification for FCC ID: AS5CMP-32, be maintained as confidential information and not be made available for public inspection at any time.

Exhibit 4 FLEXENT™ TDMA Microcell: Operation, Administration, and Maintenance Manual

Exhibit 6 Schematic Diagrams

Exhibit 7 Description of Circuitry for Determining and Stabilizing Frequency

Exhibit 9 Description of Circuitry for Limiting Modulation and Limiting Power

These exhibits contain Lucent Technologies proprietary information that is considered to be trade secrets, with possible patents pending, and the property of Lucent Technologies, pursuant to the provisions of Part 0.457(d) of the Commission's Rules.

The FLEXENT™ TDMA Microcell *Operation, Administration, and Maintenance Manual*, included in **Exhibit 4**, is not furnished to the user, except under very exceptional and very limited circumstances. This manual contains highly proprietary circuit, equipment and architecture descriptions that must not be made available for public inspection. The cover/title page is explicitly labeled "Unpublished and Not for Publication". A copy is included in the electronic folder labeled *confidential*.

Thank you for your consideration in this matter.

Sincerely,
