

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block A1, Three Carrier Configuration

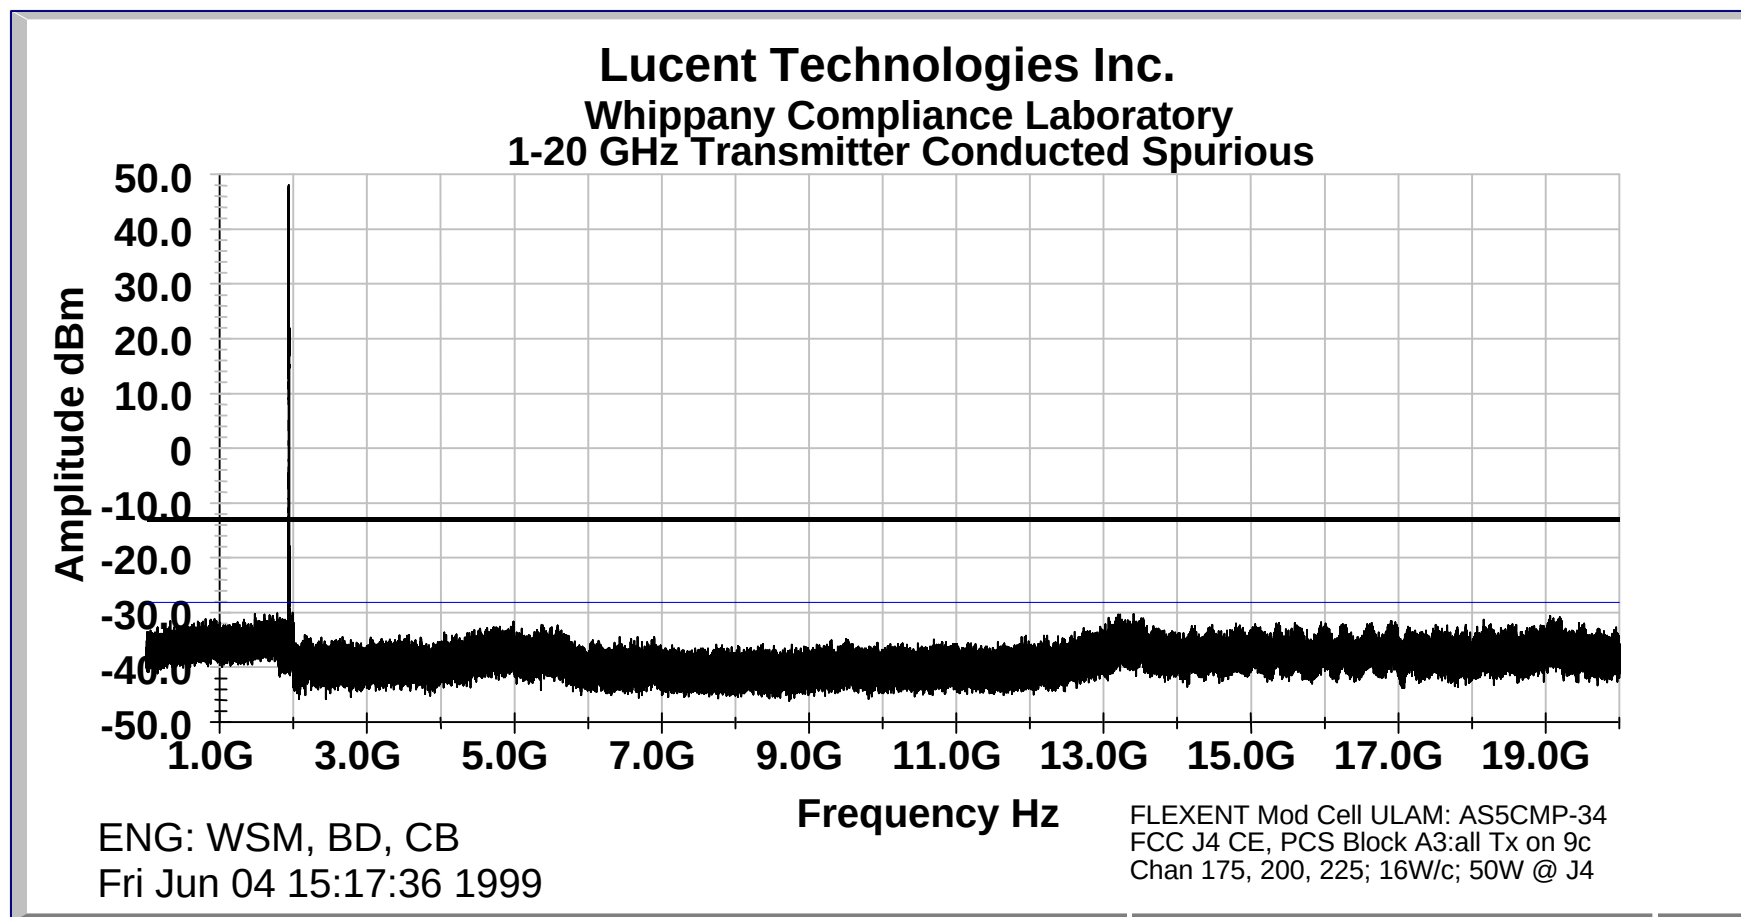

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block A1, Three Carrier Configuration

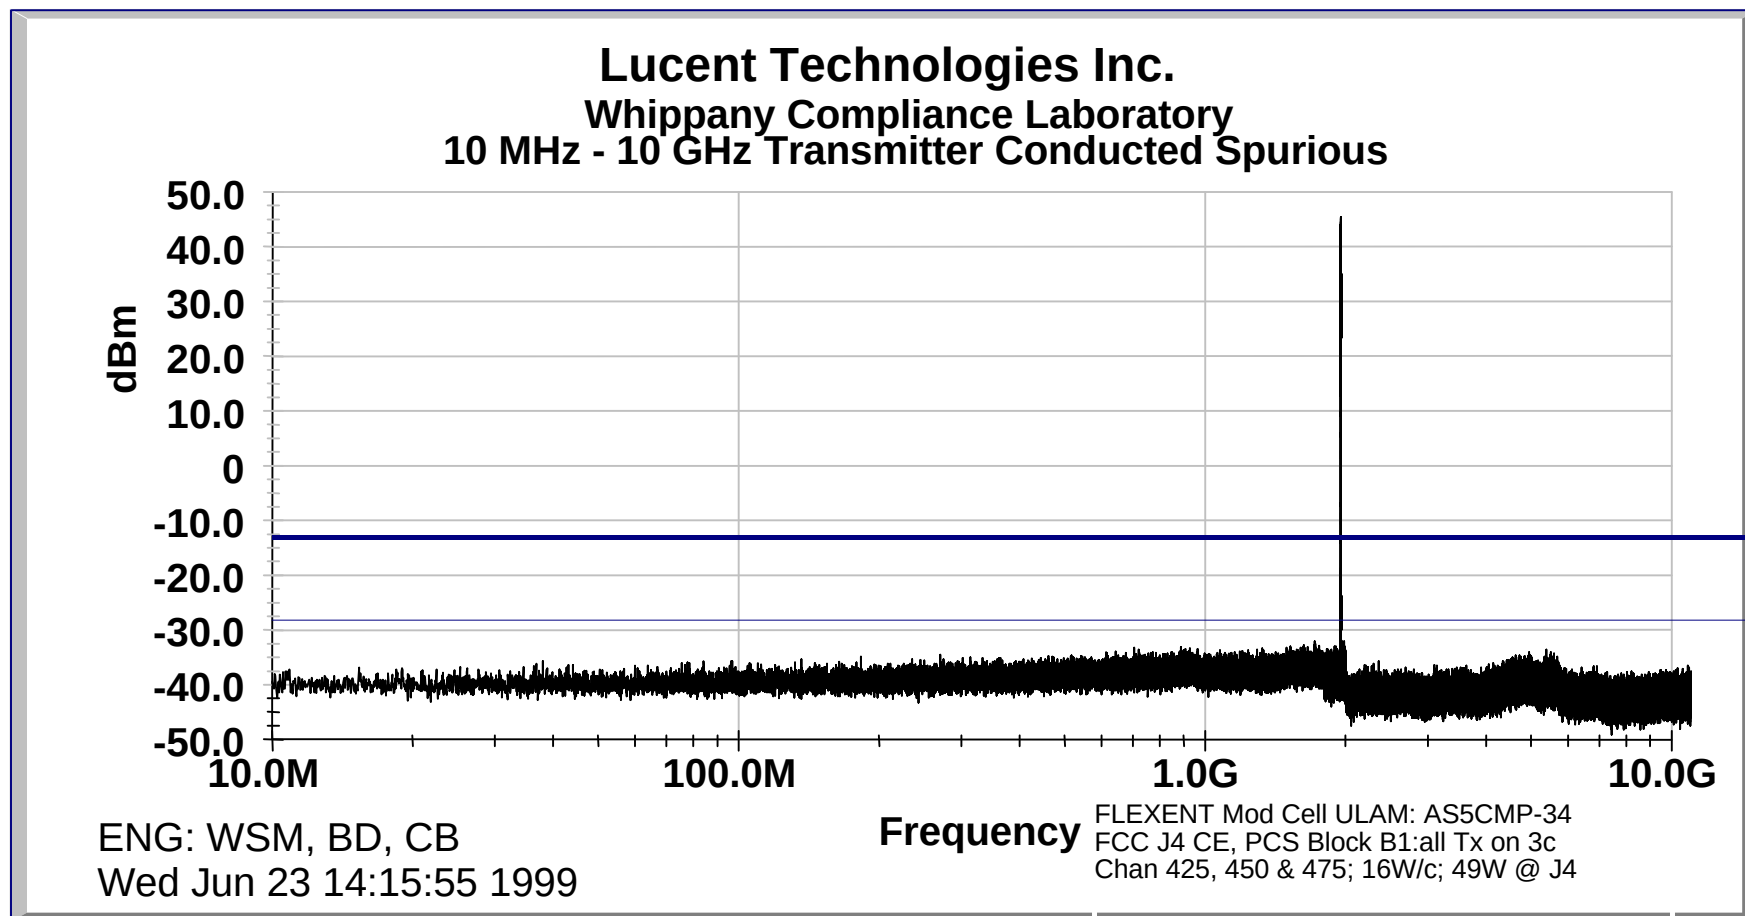

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block A3, Three Carrier Configuration

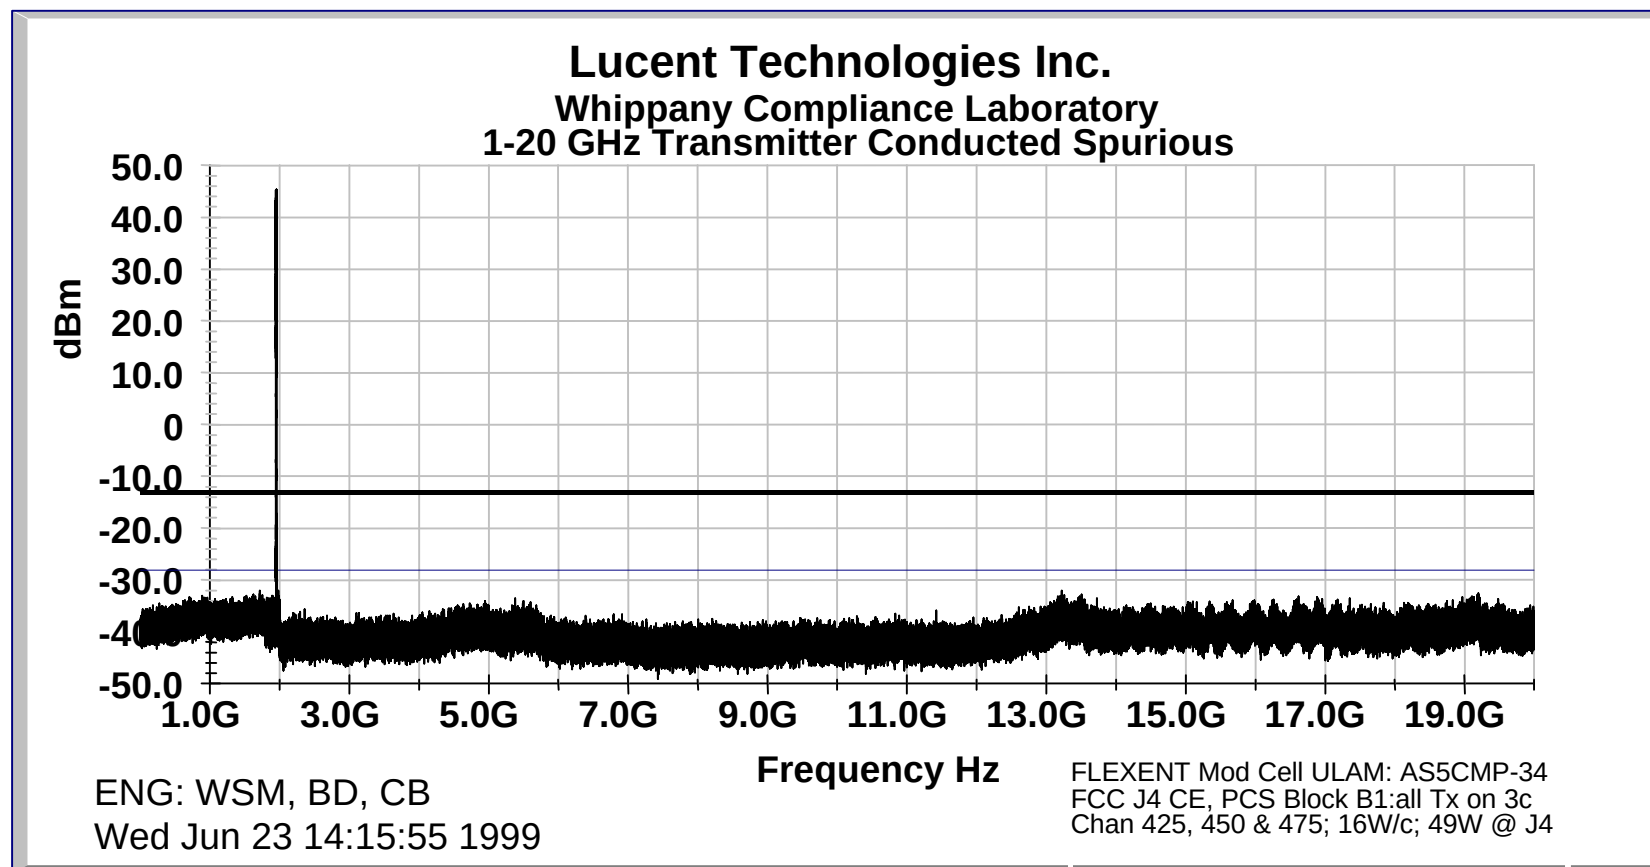

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block A3, Three Carrier Configuration

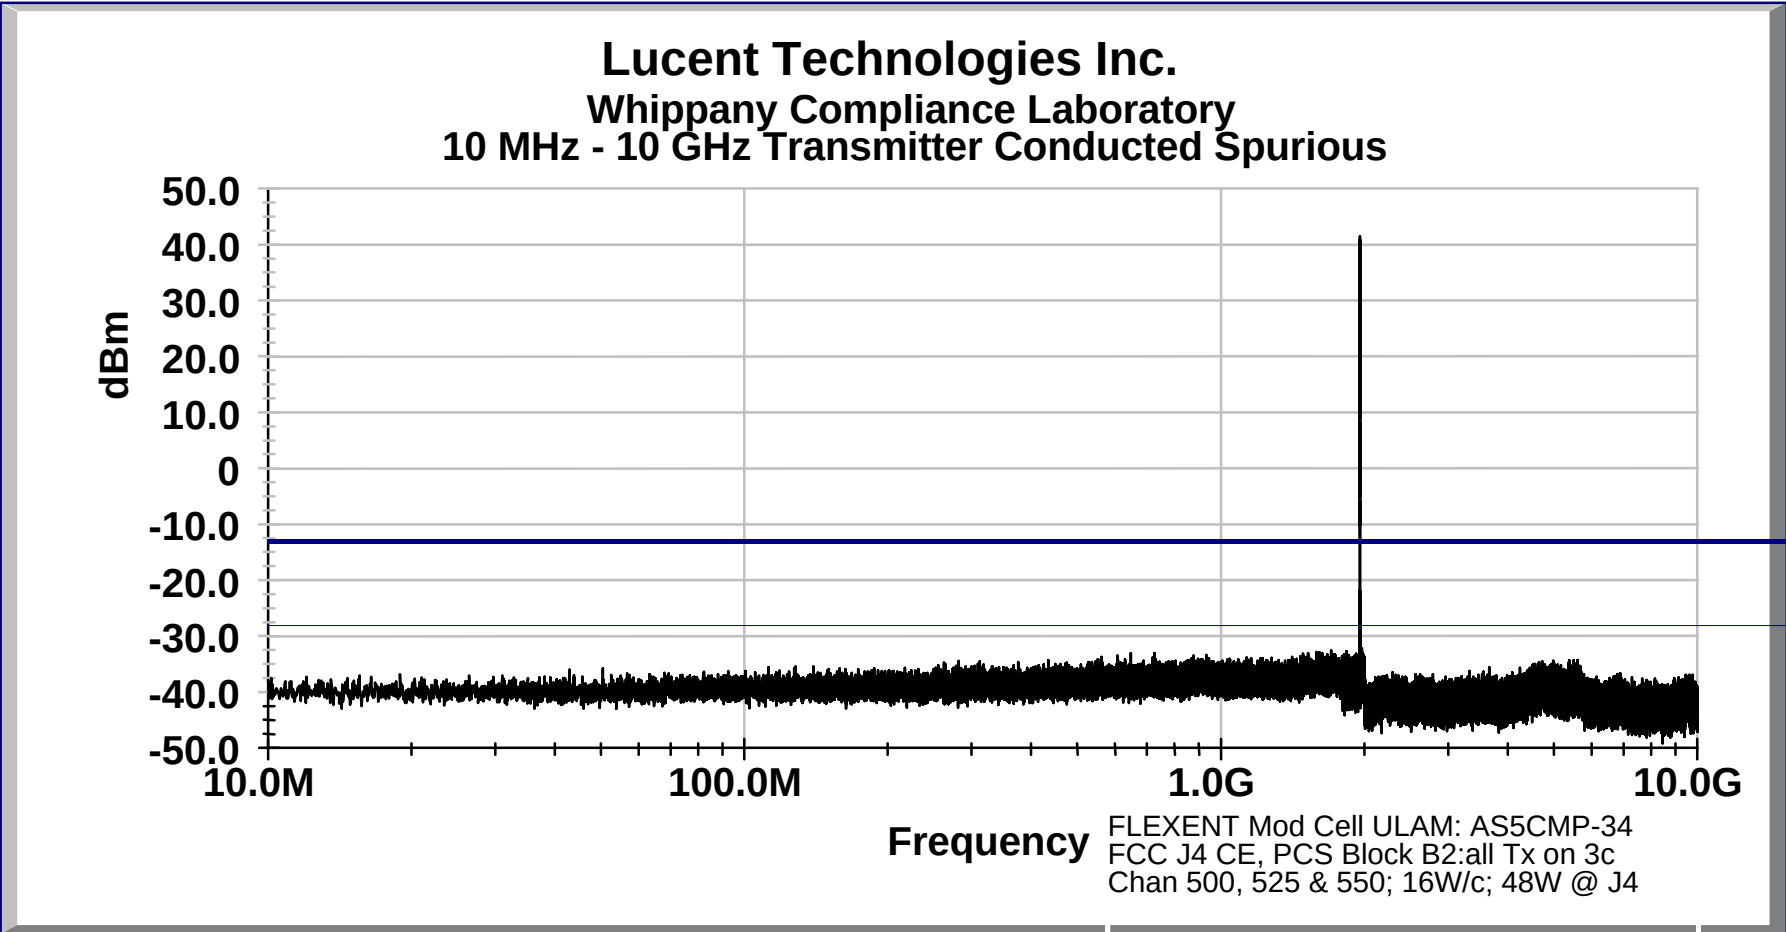

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block B1, Three Carrier Configuration

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block B1, Three Carrier Configuration

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block B2, Three Carrier Configuration

Conducted Spurious Measurement of Antenna Output Port When Transmitting in PCS Block B2, Three Carrier Configuration
