

**TUNE-UP PROCEDURE**  
**SECTION 2.1033 (c) (9)**

## **TUNE-UP PROCEDURE**

### **SECTION 2.1033 (c) (9)**

Tune-up procedure over the power range, or at specific operating power levels.

**RESPONSE:** There are no specific user tune-up procedures for either power levels or frequency. During normal operation software controls the power level from -11dBm to 11dBm.
