Dear Mr. Sanders:

3. Parts List/Tune Up Info
4. Schematics

However, the exhibit titled *Users Manual* must also be held **Confidential**. The actual document title is *Alcatel-Lucent 9228 Base Station Macro LP and 9228 Base Station Macro Distributed*. The footer on the title page and on each subsequent page is designated:

Alcatel-Lucent - Internal
Proprietary - Use Pursuant to Company Instruction

It is clear that the content of this document is not intended for external nor public disclosure. Therefore, Alcatel-Lucent hereby requests that the FCC remove this exhibit from public viewing and maintain it as Permanent Confidential, pursuant to the provisions of Part 0.457(d) of the Commission's Rules.

1. We are aware that the Manual has been viewable by the public since the date of grant.
2. The Manual is very technical and is not provided to the consumer because the consumer cannot service the device.
