Dear Mr. Sanders:

The Exhibits listed below were Granted Permanent Confidentiality for the initial Grant of Equipment Authorization covering Alcatel-Lucent's **850MHz High Efficiency RF Power Amplifier (HE PAM)**, which is deployed in the **9391 OneBTS Macrocells**, under FCC ID: AS5ONEBTS-24. Since this request for a Class II Permissive Change authorization is for **HE PAM** usage only, by adding the UMTS emission designator 4M10F9W, there is no change to these confidential Exhibits as initially filed and, for brevity, they need not be repeated. However, continued permanent confidentiality is requested.
