*Please note that the Speaker/Microphones that were SAR tested were labeled 589-0015-073 for a Public Safety Speaker/Microphone, and 585-5100-315 for a standard Speaker/Microphone. These part numbers have later been changed to the above listed part numbers for the purpose of providing different coil cord lengths, and to add a version that includes GPS functionality. However, the listed Speaker/Microphones are identical to the ones tested.
