Dear Sirs:

We respectfully wish to apply for a Class II permissive change for the above referenced FCC Identifier under the provisions of FCC rule 2.1043.

The changes that are made to the unit are to add a model 1 product to the family of products. Model 1 is identical to the originally approved portable radio product with the exception that the front display and front keypad are removed and replaced with a blank front panel. The electrical design and performance remains the same as in the original submission. A SAR test report is included to support this request.

The applicant certifies that no party to this application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug abuse Act of 1988.

Our FRN number is 0004-2015-21.

Your prompt attention to this matter is appreciated. Please let me know if there are any questions or if further data is required.

Sincerely,

A handwritten signature in blue ink that reads 'John L. Oblak'.
