Model	UP-TR1, NS-RB1, UP-T1WL
FCC ID	ATMUPT1WL
Agent	NA
Approval Type	Class II Permissive Change
Equipment Class	DTS Digital Transmission System
Rule Part	15.247

Overview

This application is to add a new model, UP-TR1, to an existing certification. The existing approval under FCC: ATMUPT1WL, includes models NS-RB1 and UP-T1WL. The model UP-TR1 is identical to the previously listed models except in cosmetics relating to the speaker and stereo configurations. All exhibits submitted with the original application are still applicable. Additional external photos have been submitted. No additional testing is required.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
