Ref: Class II permissive change request letter

Multi-Tech Systems, Inc., 2205 Woodale Dr., Mounds View Minnesota 55112 United States, is submitting this request for a Class II Permissive Change application per FCC 15.247 to add a new antenna and permit the use of the new antenna type to the existing file for FCC ID: AU792U13A16858. The radio module will only function in FHSS mode under this Class II Permissive Change, and DTS mode will be disable.

The new antenna is a Connected Development PCB Trace Antenna. No changes or modifications have been made to the radio.

Verification of changes were made to ensure continued compliance and to verify the new antenna, which are included in this Class II Permissive Change application.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Darin Hatcher', is written over a horizontal line.
