A photograph of a green printed circuit board (PCB) with various electronic components. The board is oriented horizontally. On the left side, there is a USB connector. In the center, there is a circular cutout. To the right of the cutout, there is a red component, possibly a switch or a connector. The board is populated with several surface-mount components, including resistors and capacitors. A ruler is placed below the board for scale, showing measurements in centimeters. The ruler has markings from 0 to 10 cm. The board is placed on a blue surface.

A photograph of a green printed circuit board (PCB) with various electronic components. The board is oriented vertically. On the left side, there are two large black connectors. In the center, there is a large circular hole. To the right of the hole, there are several small components, including a silver component and a yellow component. The board is placed on a blue textured surface. A ruler is visible at the bottom, showing measurements in centimeters and inches. The text "CR6231B-2" and "20170412" are printed on the board. Other labels include "R33", "R34", "R35", "R36", "R37", "R38", "R39", "R40", "R41", "R42", "R43", "R44", "R45", "R46", "R47", "R48", "R49", "R50", "R51", "R52", "R53", "R54", "R55", "R56", "R57", "R58", "R59", "R60", "R61", "R62", "R63", "R64", "R65", "R66", "R67", "R68", "R69", "R70", "R71", "R72", "R73", "R74", "R75", "R76", "R77", "R78", "R79", "R80", "R81", "R82", "R83", "R84", "R85", "R86", "R87", "R88", "R89", "R90", "R91", "R92", "R93", "R94", "R95", "R96", "R97", "R98", "R99", "R100".
