Tip: You can press LEVEL to check the battery status. When most of the charging indicators are off, it indicates that the battery is low and needs to be recharged.

**EN** Press and hold **O** until the speaker powers on.  
 107 The power button lights up white.  
 108 For first-time use, the Bluetooth indicator flashes blue quickly, indicating that the speaker is in pairing mode.  
 109 **Tip:** When you power on the speaker again after Bluetooth setup, the speaker will search for a previously paired device and the Bluetooth indicator will flash slowly. If no paired device is found, it will flash quickly and the speaker will enter pairing mode.

**FR** Appuyez sur **O** et maintenez cette touche enfoncée jusqu'à ce que l'enceinte s'allume.  
 107 Le bouton d'alimentation s'allume en blanc.  
 108 Pour la première utilisation, le voyant Bluetooth clignote rapidement en bleu, ce qui indique que l'enceinte est en mode d'appairage.  
 109 **Astuce :** si vous rallumez l'enceinte après la configuration Bluetooth, celle-ci recherche un appareil précédemment apparié et le voyant Bluetooth se met à clignoter lentement. Si aucun appareil apparié n'est détecté, le voyant se met à clignoter rapidement et l'enceinte passe en mode d'appairage.

**IT** Tenere premuto **O** finché l'altoparlante non si accende.  
 107 Il pulsante di accensione si accende con luce bianca.  
 108 Al primo utilizzo, l'indicatore Bluetooth lampeggia in blu rapidamente, indicando che l'altoparlante si trova in modalità di abbinamento.  
 109 **Suggerimento:** alla successiva accensione dell'altoparlante dopo la configurazione Bluetooth, l'altoparlante cercherà un dispositivo precedentemente abbinato e l'indicatore Bluetooth lampeggerà lentamente. Se non viene rilevato alcun dispositivo, l'indicatore lampeggerà rapidamente e l'altoparlante entrerà in modalità di abbinamento.

**ES** Mantenga pulsado **O** hasta que se encienda el altavoz.  
 107 El botón de encendido se ilumina en color blanco.  
 108 Si es la primera vez que utiliza la unidad, el indicador Bluetooth parpadeará rápidamente en color azul para indicar que el altavoz se encuentra en modo de sincronización.  
 109 **Consejo:** Cuando vuelva a encender el altavoz después de configurar la función Bluetooth, el altavoz buscará el dispositivo sincronizado previamente y el indicador Bluetooth parpadeará lentamente. Si no se encuentra ningún dispositivo sincronizado, parpadeará rápidamente y el altavoz entrará en modo de sincronización.

**DA** Tryk på **O** og hold den nede, indtil højttaleren tændes.  
 107 Tænd/sluk-knappen tændes og lyser hvidt.  
 108 Første gang du bruger enheden, blinker Bluetooth-indikatoren hurtigt for at angive, at højttaleren er i paringstilstand.  
 109 **Tip:** Når du tænder højttaleren igen efter Bluetooth-opstilling, søger højttaleren efter en tidligere parret enhed, og Bluetooth-indikatoren blinker langsomt. Hvis der ikke findes en parret enhed, blinker indikatoren hurtigt, og højttaleren skifter til paringsstilstand.

**DE** 1 gedrückt halten, bis sich die Lautsprecher einschalten.  
 107 Die Betriebsleuchte leuchtet weiß.  
 108 Bei der ersten Benutzung blinkt die Bluetooth-Anzeige rasch blau; dies zeigt an, dass sich der Lautsprecher im Pairing-Modus befindet.  
 109 **Tip:** Wenn Sie den Lautsprecher nach der Bluetooth-Einrichtung erneut einschalten, sucht der Lautsprecher nach dem gepaarten Gerät und die Bluetooth-Anzeige blinkt langsam. Wenn kein gepaartes Gerät gefunden wird, blinkt die Anzeige schnell und der Lautsprecher wechselt in den Pairing-Modus.

**FR** Appuyez sur **O** et maintenez cette touche enfoncée jusqu'à ce que l'enceinte s'allume.  
 107 Le bouton d'alimentation s'allume en blanc.

 109 **Tip:** Når du tænder højttaleren igen efter Bluetooth-opstilling, søger højttaleren efter en tidligere parret enhed, og Bluetooth-indikatoren blinker langsomt. Hvis der ikke findes en parret enhed, blinker indikatoren hurtigt, og højttaleren skifter til paringsstilstand.

**DE** 1 gedrückt halten, bis sich die Lautsprecher einschalten.  
 107 Die Betriebsleuchte leuchtet weiß.  
 108 Bei der ersten Benutzung blinkt die Bluetooth-Anzeige rasch blau; dies zeigt an, dass sich der Lautsprecher im Pairing-Modus befindet.  
 109 **Tip:** Wenn Sie den Lautsprecher nach der Bluetooth-Einrichtung erneut einschalten, sucht der Lautsprecher nach dem gepaarten Gerät und die Bluetooth-Anzeige blinkt langsam. Wenn kein gepaartes Gerät gefunden wird, blinkt die Anzeige schnell und der Lautsprecher wechselt in den Pairing-Modus.

**DE** 1 Geben Sie Musik auf Ihrem mit dem Lautsprecher gepaarten und verbundenen Gerät wieder.  
 2 **Hinweis:** Dieser Lautsprecher unterstützt die automatische Verbindung mit einem zuvor gepaarten Gerät nach der Aus- und Wiedereinschaltung.  
 3 Während der Musikwiedergabe:  
 • Drücken Sie **+**/-, um die Lautstärke anzupassen.  
 • Drücken Sie **≪≪≪**, um zum vorherigen bzw. nächsten Titel zu wechseln.  
 • Drücken Sie **||**, um die Musikwiedergabe anzuhalten bzw. fortzusetzen.

**EN** Play music on your device paired and connected with the speaker.  
 2 **Note:** This speaker supports automatic connection with a previously paired device after power-off and power-on again.  
 3 During music play:  
 • Press **+**/**-** to adjust volume.  
 • Press **≪≪≪** to skip to the previous or next song.  
 • Press **||** to pause or resume music play.  
 4 When you make a call or there is an incoming call, you can use the speaker as a speaker phone.  
 • When there is an incoming call, you can press **O** to receive the call or press **O** twice to reject the call.  
 • During a call, you can press **O** to end the call.  
 • In BT mode, you can press **O** twice to access the voice assistant on your smart device. To exit the voice assistant, press **O** twice again.  
 5 **Tip:** Music play is paused during a call and resumes automatically when the call ends. You can press and hold **O** to disconnect the current Bluetooth connection.

**FR** Lancez un morceau de musique sur votre appareil apparié en liaison avec l'enceinte.  
 2 **Remarque :** l'enceinte est prévue pour se reconnecter automatiquement à un appareil précédemment apparié, après mise hors tension puis sous tension.  
 3 Lors de l'écoute de musique :  
 • Appuyez sur **+**/**-** pour régler le volume.  
 • Appuyez sur **≪≪≪** pour passer à la piste précédente ou suivante.  
 • Appuyez sur **||** pour interrompre ou reprendre la lecture.

**IT** Verificare che l'altoparlante si trovi in modalità di abbinamento.  
 2 Per abbinare il dispositivo con l'altoparlante, abilitare il Bluetooth.  
 a. Abilitare NFC sul dispositivo Bluetooth, quindi far toccare il trasmettitore NFC sul dispositivo con l'area NFC dell'altoparlante.  
 b. Selezionare "NYNE Rebel" dai dispositivi disponibili [se necessario, immettere una password quale "0000" o "1234"] per avviare l'abbinamento ed effettuare il collegamento con l'altoparlante.  
 3 Una volta effettuata la connessione, l'indicatore Bluetooth si illumina con luce blu fissa e l'altoparlante emette un segnale acustico.  
 4 **Suggerimenti:** l'altoparlante supporta la connessione automatica a un dispositivo precedentemente abbinato al momento di una nuova accensione dopo lo spegnimento. Tenere premuto **O** per più di 2 secondi per immettere la modalità di abbinamento manuale. In questo modo, è possibile abbinare l'altoparlante a un nuovo dispositivo Bluetooth. Tenere premuto **O** per più di 10 secondi per cancellare tutti i dispositivi abbinati. L'altoparlante è compatibile con il supporto vocale sul dispositivo smart.

**ES** Verificar que el altavoz está en modo de sincronización.  
 2 Active la función Bluetooth de su dispositivo para sincronizarlo con el altavoz.  
 a. Active la función NFC en su dispositivo Bluetooth y, seguidamente, toque el área NFC del altavoz con el transmisor de NFC de su dispositivo.  
 b. Seleccione "NYNE Rebel" entre los dispositivos disponibles [introduzca la contraseña "0000" o "1234" si es necesario] para iniciar la sincronización y la conexión con el altavoz.  
 3 Una vez realizada correctamente la conexión, el indicador Bluetooth se ilumina fijamente en color azul y el altavoz emite una señal acústica.  
 4 **Consejos:** Este altavoz permite la conexión automática de un dispositivo previamente sincronizado cuando la unidad se enciende. Mantenga pulsado **O** durante más de 10 segundos para borrar todos los dispositivos Bluetooth sincronizados. Este altavoz es compatible con el asistente de voz de su dispositivo inteligente.

**DE** 1 Stellen Sie sicher, dass sich der Lautsprecher im Pairing-Modus befindet.  
 2 Aktivieren Sie Bluetooth an Ihrem Gerät, um es mit dem Lautsprecher zu paaren.  
 a. Aktivieren Sie NFC auf Ihrem Bluetooth-Gerät und bringen Sie dann den NFC-Sender an Ihrem Gerät in den NFC-Bereich des Lautspeakers.  
 b. Wählen Sie „NYNE Rebel“ unter den verfügbaren Geräten aus (geben Sie ggf. ein Passwort wie etwa „0000“ oder „1234“ ein), um den Pairing-Vorgang zu starten und die Verbindung zum Lautsprecher herzustellen.  
 3 Nach erfolgreichem Verbindungsaufbau leuchtet die Bluetooth-Anzeige permanent blau und der Lautsprecher piept.  
 4 **Tipp:** Dieser Lautsprecher unterstützt die automatische Verbindung mit einem zuvor gepaarten Gerät nach der Aus- und Wiedereinschaltung. Drücken Sie **O** und halten Sie die Taste mehr als 2 Sekunden lang gedrückt, um den manuellen Pairing-Modus aufzurufen. Auf diese Weise können Sie den Lautsprecher mit einem neuen Bluetooth-Gerät paaren. Sie können **O** länger als 10 Sekunden gedrückt halten, um alle gepaarten Bluetooth-Geräte zu löschen. Dieser Lautsprecher ist mit der Sprachunterstützung Ihres Geräts kompatibel.

**EN** Connect an auxiliary MP3 device to the speaker through the supplied 3.5mm audio cable.  
 2 Play and control music on the MP3 device, and use **+**/**-** on the speaker to adjust volume if necessary.  
 3 **Tips:** In AUX IN mode, you can press **||** to mute sound output from the speaker. When the 3.5mm audio cable is plugged in, the speaker switches to AUX IN mode automatically. When it is unplugged, the speaker switches back to Bluetooth mode.  
 4 **Tip:** In AUX IN-Modus, können Sie **||** für abbrechen des Tonoutputs von der Lautsprecher drücken.

## Important Safety

 The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of un-isolated, dangerous voltage within the inside of the device that may be of sufficient magnitude to constitute a risk of electric shock to persons.

Warning: To reduce the risk of electric shock, do not remove cover (or back) as there are no user-serviceable parts inside. Refer servicing to qualified personnel.

 The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and servicing instructions in the literature accompanying the device.

**WARNING:** Where the mains plug/appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

**WARNING:** The battery (battery or batteries or battery pack) shall not be exposed to excessive heat such as sunshine, fire or the like.

Read these instructions before operation.  
Keep these instructions for future reference.  
Follow all instructions for installation, use and maintenance of the device.

This device complies with the IPX3 waterproof standard. Before using the device in the rain or moist conditions or rinsing the device with fresh water, always securely close the protective cover at the back of the device.

Never open the protective cover when the device is still wet after use. Always clean with a soft dry cloth and let it dry in a well-ventilated place away from direct sunlight.

To clean the device, disconnect power first. Clean only with soft and dry cloth.

To ensure compatibility, only use accessories recommended by the manufacturer.

When the device is suddenly moved from cold to warm surroundings, condensation may form in the housing of the device. Before use, leave the device in the warm environment until the moisture evaporates.

Keep the device away from heat sources, such as a radiator, heater, oven, amplifier, naked flames or direct sunlight.

No naked flame sources, such as lighted candles, should be placed on the apparatus.

When you use the flashlight or warning light features of the device, the lens may get very hot after some time. This is not a malfunction.

Never block any ventilation openings. Install in accordance with the manufacturer's instructions.

- Do not expose the device to sand or dust, or cover it with items, such as newspapers, table cloths, or curtains.
- Do not operate the device in an enclosed cabinet. Leave sufficient free space around the device for adequate ventilation.

Do not attempt to repair or service the device yourself. Opening or removing the cabinet may expose you to electric shock, and other hazards. If repair is required, contact your dealer and refer all servicing to qualified service personnel.

Do not use the device if any abnormality occurs. If any smoke or odor becomes apparent, contact your dealer immediately. Do not try to repair the device yourself.

Avoid using dropped or damaged appliances. If the device is dropped and the housing is damaged, the internal components may not function normally. Stop use and contact your dealer for repair. Continued use of the device may cause fire or electric shock.

To reduce the risk of electric shock, do not touch any connector with wet hands.

Never remove the housing of the device.

Never lubricate any part of the device.

Never place the device on top of any other electrical equipment.

This equipment is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth. 

## Notice

### Modification

Any modification (such as removing the speaker grill) to the device, without prior authorization from the manufacturer, may void your warranty and authority to operate the device.

### FCC compliance statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. This device and its antenna(s) must not be co-located or conjunction with any other antenna or transmitter.

# CE 2200

This product complies with the radio interference requirements of the European Community.

## Recycling Packaging

### Declaration of Conformity

We declare on our sole responsibility that this equipment complies with the essential requirements of the Radio and Telecommunications Terminal Equipment Directive, 1999/5/EC, and that any applicable Essential Test Suite measurements have been performed.

CE versions of the NYNE ROCK (M/N: NYNE ROCK ) which display the CE symbol on the product label, comply with the essential requirements of the European Radio and Telecommunication Terminal Directive 1999/5/CE.

## WEEE NOTICE

The Directive on Waste Electrical and Electronic Equipment (WEEE), which entered into force as European law on 13th February 2003, resulted in a major change in the treatment of electrical equipment at end-of-life.

The purpose of this Directive is, as a first priority, the prevention of WEEE, and in addition, to promote the reuse, recycling and other forms of recovery of such wastes so as to reduce disposal.

The WEEE logo on the product or on its box indicating collection for electrical and electronic equipment consists of the crossed-out wheeled bin, as shown below.

This product must not be disposed of or dumped with your other household waste. You are liable to dispose of all your electronic or electrical waste equipment by relocating over to the specified collection point for recycling of such hazardous waste. Isolated collection and proper recovery of your electronic and electrical waste equipment at the time of disposal will allow us to help conserving natural resources. Moreover, proper recycling of the electronic and electrical waste equipment will ensure safety of human health and environment. For more information about electronic and electrical waste equipment disposal, recovery, and collection points, please contact your local city center, household waste disposal service, shop from where you purchased the equipment, or manufacturer of the equipment.

## ROHS COMPLIANCE

This product is in compliance with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

## FOR PRODUCTS THAT INCLUDE BATTERIES

### EU Batteries Directive 2006/66/EC

A new battery directive 2006/66/EC on Battery and Accumulator replacing directive entered into force on the 26th September 2008. The directive applies to all types of batteries and accumulators (AA, AAA, button cells, lead acid, rechargeable packs) including those incorporated into appliances except for military, medical and power tool applications.

The directive sets out rules for collection, treatment, recycling and disposal of batteries, and aims to prohibit certain hazardous substances and to improve environmental performance of batteries and all operators in the supply chain.

### Instructions for Users on Removal, Recycling and Disposal of Used Batteries

To remove the batteries from your equipment or remote control, reverse the procedure described in the owner's manual for inserting batteries.

For products with a built-in battery that lasts for the lifetime of the product, removal may not be possible for the user. In this case, recycling or recovery centers handle the dismantling of the product and the removal of the battery. If, for any reason, it becomes necessary to replace such a battery, this procedure must be performed by authorized service centers. In the European Union and other locations, it is illegal to dispose of any battery with household trash. All batteries must be disposed of in an environmentally sound manner. Contact your local waste-management officials for information regarding the environmentally sound collection, recycling and disposal of used batteries.

**WARNING:** Danger of explosion if battery is incorrectly replaced. To reduce risk of fire or burns, don't disassemble, crush, puncture, short external contacts, expose to temperature above 60°C (140°F), or dispose of in fire or water. Replace only with specified batteries.

The symbol indicating 'separate collection' for all batteries and accumulators shall be the crossed-out wheeled bin shown below:

In case of batteries, accumulators and button cells containing more than 0.0005 % mercury, more than 0.002 % cadmium or more than 0.004 % lead, shall be marked with the chemical symbol for the metal concerned: Hg, Cd or Pb respectively.

Please Refer to the below symbol:
