SERIAL No.			
			
		QY-5014B-A 276-0720-00 Clarion Co., Ltd. MADE IN CHINA	

This label base make by YUPO.  
The ink used is DURA ink DLH.

## **About YUPO**

YUPO is a synthetic paper made from polypropylene resin as its primary material. Synthetic paper, from its early development and historical evolution, has typically been manufactured using synthetic resin derived from petroleum as its primary material. Naturally, this has given it characteristics similar to those of plastic film, but its appearance is remarkably similar to that of regular paper made from wood pulp. In addition, many synthetic papers have properties similar to those of regular paper.

Characteristics of YUPO.

- Withstands repeated water exposure.
- Resistant to tearing.
- Resistant to oils and chemicals.

## **About DURA ink DLH**

DURA ink Use for label on optical connectors, hard disks, CD-ROM, cellular phones, batteries, LCD, CCD, car navigation systems, electric home appliances.

Features

- Use with DURA DHL Ink for excellent scratch-resistant labels.
