

CERTIFICATION OF DATA

I certify that this application was made at my direction. I attest to the proper function of the switching and signal-processing portion of this transmitter. It meets the system compatibility specification as detailed in the EIA document EIA/TIA Rev. A. OET 53 as reference to in 22.933 and requirements for Part 24 subpart E of the commission rules. The data and statements made herein are to the best of my knowledge true and accurate.

A handwritten signature in dark ink, appearing to read "David Olivares", written over a horizontal line.

David Olivares

Project Manager terminal development, Ditto Lornetta
