

**Exhibit 12: Operational Description**

**§ 15.203 Antenna Requirements**

The SN999CSEQ uses two Dipole antennas that connect to the main board via coax cable using special connectors. The same type as specified by the manufacturer can only replace these antennas; therefore, it meets the requirements of this section.

**§ 15.307 Coordination with fixed microwave service**

Enclosed on the following page is the UTAM affidavit stating compliance to this section.
