Columbia, MD 21046

Att: Frank Coperich

Subject: Class II Permissive Change request for Certified Transmitter with  
FCC ID: AZ489FT4821.

Dear Mr. Coperich:

Motorola Inc., 8000 West Sunrise Boulevard, Fort Lauderdale, Florida 33322, herein submits a Class II Permissive Change request for the above transmitter.

The change consists of replacing the current 2 PPM Reference Oscillator (U203) with one that has the identical footprints and parameters. The new oscillator has part number 51-05385Y42. The change was done to achieve commonality of parts for other products.

All data on file with the FCC is still applicable and the transmitter remains compliant. We are attaching a schematic, Transmitter Radiated and Conducted Spurious Emissions, and Frequency Stability data.

If you have any questions, please contact me at 954-723-5793.

Sincerely,

Mike Ramnath  
FCC Liaison
