7435 Oakland Mills Road  
Columbia, MD 21046

Subject: Extended Frequencies Justification.

Gentlemen:

The RMU Portable 2-Way radio was designed to operate in the frequency band 450-470 MHz.

For the FCC's Rule Parts 90 applications, this radio will be used by FCC Licensed users as indicated in the table below. Equipment programming is the responsibility of Authorized Service Personnel. Also, the radio complies with 47 CFR Part 90.203(e), in that the operator cannot directly program the transmit frequencies using the normally accessible external controls.

Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.

| <b>Frequency Range (MHz)</b> | <b>Part 90</b> | <b>Grant Notes</b> | <b>Emission Designator</b> |
|------------------------------|----------------|--------------------|----------------------------|
| 450-454                      | x              |                    |                            |
| 454- 456*                    |                | EF,                | 11K0F3E                    |
| 456-470                      | x              | EF,                |                            |
