Mr. Kwok Chan
Chief, Equipment Authorization Division
Federal Communications Commission Laboratory
7435 Oakland Mills Road
Columbia, MD 21046

Subject: Class II Permissive Change request for Certified Transmitter with
FCC ID: AZ489FT5792

Dear Mr. Chan:

We are requesting a Class II Permissive Change to the above referenced transmitter.

We have re-designed the Leather Carry Case accessory with a clear plastic cover. The construction is of soft leather with no metal components and the integral clip is constructed entirely of plastic.

The design modifications to the Leather Carry Case accessory do not degrade the performance characteristics of the equipment as reported to the Commission at the time of initial certification of this radio product. All data on file with the Commission continues to be compliant.

See the attached SAR Data summary and eight separate data plots.

If you have any questions in the interim, please contact me at 954-723-5793.

Sincerely,

Mike Ramnath
FCC Liaison
