

We don't prepare the User Manual for the module because it is not sold to the end user directly.
Please refer to the Specification Sheet for more details about the module.
For the module installation to the host equipment, please follow the interface specification (installation procedure).

This device complies with below part 15 of the FCC Rules.
Part 15 Subpart C

The modular transmitter is only FCC authorized for the specific rule parts (i.e., FCC transmitter rules) listed on the grant, and the host product manufacturer is responsible for compliance to any other FCC rules that apply to the host not covered by the modular transmitter grant of certification.
The final host product still requires Part 15 Subpart B compliance testing with the modular transmitter installed.

We don't prepare the User Manual for the module because it is not sold to the end user directly.
Please refer to the Specification Sheet for more details about the module.
For the module installation to the host equipment, please follow the interface specification (installation procedure).

FCC/ISED Notice for model: NCA01A

The end product must be labeled

“Contains FCC ID: AZD247” and “Contains ISED Certification Number: 498J-247”

Following statement must be included in the user manual of host device.

FCC/ISED NOTICE

Model: ZWAVE Module Model NCA01A, FCC ID: AZD247/IC:498J-247)

This device complies with part 15 of FCC Rules and Industry Canada’s licence-exempt RSSs.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Do not make any changes or modifications to the equipment unless otherwise specified in the manual.
If such changes or modifications should be made, you could be required to stop operation of the equipment.
