Subject: Request for Grant Correction
FCC ID: AZDCH91108

To Whom It May Concern:

This is to inform that incorrect information was submitted on the 731 form in the Grant Notes section. In the latest Permissive Change, the SAR value entered in the Grant Notes was not the highest recorded SAR value for all filing within this FCC ID. Therefore a 731 Grant notes correction is required. This was due to error during submission online to the FCC by TCB.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Ferrer'.

Michael Ferrer
