RE: VeriFone Inc.

IC: B32QX100

After a review of the submitted information, I have a few comments on the above referenced Application. Depending on your responses, kindly understand there may be additional comments.

- 1) The FCC 2 Part statement was allowed to be in the users manual for DoC. If DoC is not applicable, then the 2 part statement is expected to be on the device. Additionally, the FCC expects the device to have sufficient room on it to place this information unless the device is smaller than 8x10 cm. Please review.
