RE: FCC Permissive II Change Request for Company: **VeriFone Inc**

FCC ID: **B32T650M**

We are submitting an application for a class II permissive change to the FCC approval of the Company name: **VeriFone Inc**, product description: **Point of Sale Terminal** (FCC: **B32T650M**, Original Grant Date: **09/09/2021**). The transmitter module itself has not changed. Here are the changes:

The 4G main antenna and diversity antenna are updated, and the wiring method of the diversity antenna is changed from the original built-in Layout to an external coaxial cable. Update test radiated power and radiated spurious, update hardware version, external and internal photos.

All of the radiated power and radiated spurious emission were tested and shown the data on the report.

Sincerely,

Client's name / title : **Steve Hsu/ Sr. Director, Hardware Engineering**
