Hello Bruno,

Please see the response as below:

1. The updated label location has been upload.

The label for both FCC ID and IC are on the same location. Only the FCC ID label will be attached on the device, as it is marketed in USA, on the contrary, only the IC label will be attached as it's marketed in Canada.

2. The signed attestation letter for DoC has been upload.

Please check if the exhibits are okay.

If there's no further comment, would you kindly send us the confirmation letter today?
Then we could reply it soon.

Thank you very much for the effort.

Best Regards,
Ivonne

SUBJECT: VERIFONE - FCC ID: B32VX610C-M200

REFERENCE: JOB 628TC8

Dear MR. TSAI:

This application is on hold until these questions are resolved. Please answer all question(s) together and only respond to tei@timcoengr.com. Any other method will cause **unnecessary delay**.

DO NOT HIT REPLY! Your response should be sent **ONLY** to tei@timcoengr.com. Any additional exhibits that are sent should be **UPLOADED** at our web site – please do not attach files to your email. Responses should also contain the job number, applicant name and FCC ID of the device. If an acceptable response is not received within 2 weeks the job will be closed & there will be additional charges to reopen.

Answer all questions. Be sure to number or identify your answer with the corresponding question. If you are referring to another document, be sure to give the page number and paragraph reference where your response can be found.

Based upon our review of this application we have the following questions:

1. LABEL LOCATION: The Label Location exhibit does not show in the picture where the FCC ID label is going to be located on the device. Please provide us with an updated exhibit at your earliest convenience. Thanks.
2. Computer peripheral portion of this product: Please explain whether this device can be connected to a class B personal computer peripheral. If it can connect to such a computer,

please provide an attestation letter from the applicant stating whether the Declaration of Conformity procedure will be applied.

Sincerely,

Bruno Clavier
Timco Engineering, Inc.
