Declaration

To whom it may concern,

VX675 WIFI-BT is a WLAN/Bluetooth combination antenna with **FCC ID: B32VX675WIFIBT**. This WLAN/Bluetooth co-existence mechanism is to ensure that the WLAN and Bluetooth transmitters would not simultaneously operate. Therefore, WLAN and Bluetooth antenna in **VX675 WIFI-BT** should not be considered to be able to transmit simultaneously.

Though the users can use WLAN and Bluetooth simultaneously, but the real situation is that WLAN and Bluetooth are used by time sharing and no overlap transmission.

Should you have any question, please have my best attention.

Sincerely yours,

Jim Brodie / Vice President, Engineering
