

User and Installer RF Exposure Caution

Caution: This radio has been tested and complies with the FCC RF exposure limits for occupational/controlled exposure environments. This radio is restricted to occupational use and work-related operations, where the operator must have knowledge to control RF exposure conditions. When transmitting, hold the radio in a vertical position at a distance of 2.5 cm from mouth, and at least 1.5 cm from head and body. Do not transmit for more than 50% of the duty cycle. Transmitting for more than 50% of the duty cycle can cause the FCC RF exposure compliance limits to be exceeded. Body-worn operations are restricted to belt-clips, holsters or similar accessories that have no metallic component in the assembly.
