To Whom It May Concern,

We, PORTA PHONE CO., INC., hereby declare that our FULL DUPLEX WIRELESS COMMUNICATION SYSTEM, for our marketing purpose, we declare that we use the same base in our current product as models: FLX2000 (FCC ID: B4HCS1900) that were certified by BACL, but for earphone part we made some differences base on the original product (model number: ComStar S, ComStar Sx, ComStar D and ComStar Dx; FCC ID: B4HDST1900), for details as below:

Firstly, we change model number of earphone unit from ComStar S, ComStar Sx, ComStar D and ComStar Dx to BPK1000;

Secondly, we change Trade Name of earphone unit from COMSTAR to COMPAK;

Third, the RF design is electrically identical, but the component layout and all the other electrical aspects of the COMPAK (model: BPK1000) are different from the original one (models: ComStar S, ComStar Sx, ComStar D and ComStar Dx), which won't affect the RF.

And we declare the there was no other change are made to them, please help to deal with it and let me know if you have any other questions, thanks.

Sincerely Yours,
