To Engineering Review:

Ref.: FCC ID B4Z-612-H20PANIC, Learn Mode Water Resistant Pendant Panic- Model 60-578.

Enclosed please find an application for approval of the referenced device per CFR 47 Part 15.231 for a low-power rf transmitter used with security systems for a Class II Permissive change.

Here is the complete list of changes to the device

1. Q1 was replaced with Q2 (transistor change)
2. C10 was changed to 12pF (capacitor value change)
3. BAT42 diode was added in parallel with resistor R9 (new component added)
4. C5 was removed (capacitor removed)

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,

Konstantin Khrustov
