Overview

UTC Fire and Security is submitting this application a limited modular approval of their model AVO-BTWIFI, FCC ID: B4Z-958-BTWI. The device will be professionally installed into 2 host devices: Model AVO-1037 Advisor One Security Panel and Model AV-TS7 Advisor 7. Intertek test reports reference an FCC ID: B4Z-958F-BTWI which was tested in the two host devices. This radio is identical to FCC ID: B4Z-958-BTWI. The application also includes test reports from Northwest EMC for the radio installed in the host device.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
