Re: FCC Type Acceptance of Automatic Identification System (AIS) Class B  
Equipment: AIS-300 (Nauticast-B)

To Whom It May Concern:

ACR Electronics hereby requests Federal Communications Commission (FCC) type acceptance of our AIS Class B Equipment with the following designation:

- FCC ID: B66ACR-AIS-300
- Model: AIS-300
- Trade Name: Nauticast-B

This equipment will be manufactured at our Ft. Lauderdale, Florida facility.

Since the FCC rules for AIS Class B equipment are not finalized, we request this approval be granted by a waiver to the AIS Class A rules, 47 CFR § 80.275 and § 80.1101.

It should be noted that the AIS-300 complies with the Proposed Rules (47 CFR § 80.231 and § 80.1101) outlined in FCC 06-108: Report and Order and Further Notice of Proposed Rule Making and Fourth Memorandum Opinion and Order, Released on July 24, 2006. Further, the AIS-300 fully complies with IEC 62287-1: Class B AIS – CSTDMA.

Feel free to contact me if any additional information is required. My email address is [bfrench@acrelectronics.com](mailto:bfrench@acrelectronics.com) and my phone number is 954-862-2135. Your cooperation is greatly appreciated.

Sincerely,
