

**TYPE ACCEPTANCE APPLICATION
FOR ACR/RLB-33S**

Confidentiality Request:

ACR Electronics hereby requests that the Schematics submitted as part of the Type Acceptance Application for ACR model RLB-33S (FCC ID: B66ACR-RLB-33S) Ship Security Alert System (SSAS) be considered Confidential and withheld from public inspection (pursuant to 47 CFR 0.459 of the FCC Rules).

This Confidentiality Request applies to the Schematics included in Appendix 2: Circuit Diagrams. The following specific drawings (included in Appendix 2: Circuit Drawings) are hereby submitted as proprietary data and have a proprietary legend marked on them:

- ACR Y1-01-0638-1
- RLB-33 Activation Circuit
- RLB-33S Activation Circuit

Confidentiality is requested for the drawings listed above on the basis that they contain trade secrets of ACR Electronics and technical data that is normally guarded from competitors. Furthermore, disclosure of this information could put ACR Electronics at a competitive disadvantage.
