Gentlemen:

The attached documentation is provided to formally add User Install capability to Hewlett-Packard platforms to the already approved Intel Wireless WiFi Link 4965AGN (MN: 4965AGN, FCC ID: B944965AGN). No changes have been done to the original EUT, it remains unchanged. On behalf of our client, Aegis Labs is acting as an authorized agent to make these changes pursuant to Subpart C of part 15 of FCC Rules (47 CFR) regarding intentional radiators.

If there are any additional questions or if further information is needed, please contact us at your earliest convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Candelas". The signature is fluid and cursive, with a large initial "J" and a stylized "Candelas".
