Dear Helen,

The attached are the update FCC report. Would you please help us to check them!

Best regards!
aven.zhou

Question #1: The test report Section 7.6 does not provide the test plots to show where the pulse width, e.g. DH1 L: 0.42ms M: 0.43ms, H: 0.42ms comes from. Please provide additional test plots.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
