Hello Gloria,

The review of this application is complete.  Technical review is ok but there is one administrative issue.

Q1: Authorization letter and confidentiality letter must (1) be signed by David Adams as named in the FCC database, or (2) the name in the database must be updated, or (3) an
authorization letter signed by David Adams and authorizing  Daniel Mueller to sign must be included in the application. Please make necessary changes.
Ans: Sorry for the mistake, we had reminded client before submited this project, but they asked us to submit.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the
original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be
submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Tim Dwyer
Technical Reviewer
