Ref: FCC Class II Permissive change for FCC ID: **B94SDGOB1291**

Applicant: Hewlett Packard Company

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: **B94SDGOB1291** originally granted on 02/15/2012.

The change under this application is to add the SDGOB-1292 model number to the original grant under the FCC ID: **B94SDGOB1291** given that both radio modules (SDGOB-1291 and SDGOB-1292) are electrically identical and the only difference is the digital input interface to connect to the host device.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Julio Correa'.
