RE: Fujitsu Ten Limited

FCC ID: BAB271000-358

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) Within your Test Report, you appear to be using the limits of 15.245(b)(1)(iii) [vehicles or aircraft]. But there appears to be no description as to how "continuous operation" shall be limited. Kindly review this rule section and provide a complete description as to when and under what conditions this device will operate.

William H. Graff  
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
