For Bluetooth devices not supporting Secure Simple Pairing (SSP):
Enter the passkey into the Bluetooth device.
For Bluetooth devices supporting Secure Simple Pairing (SSP):
Select "Yes" to register the Bluetooth device.
 - Depending on the Bluetooth device type, registration may perform automatically.

4-System spec

FCC ID: BABFT0052D

CAUTION: Radio Frequency Radiation Exposure

This equipment complies with FCC radiation exposure limits set forth for uncontrolled equipment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated with at least 20cm and more between the radiator and person's body in normal use position.

Co-location: This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
