FCC Request for Rule Changes based on 17-93

July 5, 2019

Federal Communication Commission
Equipment Authorization Division
Application Processing Branch
7435 Oakland Mills Road
Columbia, Maryland 21046

FCC ID : BABFT0108A
Applicant : DENSO TEN Limited

To Whom It May Concern:

This request is to add Equipment Code CXX for FCC ID: BABFT0108A, originally granted on 10/26/2016. We change FM receiver part had confirmed conformity of Part 15 Subpart B to “Certification” procedure from “Verification” based on KDB 178919 D02 Q&A7.

This Car Audio with 2.4 GHz band WLAN/ 5 GHz band WLAN/ Bluetooth was granted as Part 15 Subpart C for “DSS/ DTS” and Part 15 Subpart E for “NII”, we add “CXX - Communications Rcvr for use w/ licensed Tx and CBs” as Equipment Code to this product.

This time, we performed the re-testing of Part 15 Subpart B. Please refer to the test report submitted with this application. As for details of modifications, please refer to “Theory of Operation-Differences”. Also, for Part 15 Subpart C and E performed the testing and confirmed that it is Class 1 permissive change.

Thank you for your attention to this matter.

Sincerely,

Hiroyuki Ohtoshi
Department General Manager
