FEDERAL COMMUNICATIONS COMMISSIONS

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

Company name: TPL Communications, Inc.

FCC ID: BBD3-60

Frequency: 136-174 MHz

Subject: Justification for expending the frequency range

To whom it may concern:

The applicant hereby requests to have the frequency range 136-174 MHz appear on the FCC Grant of Equipment Authorization for a part 90 certification for TPL COMMUNICATIONS, INC. Local, State and Federal organizations, government bodies and their various departments, user organizations and the military may use this device in the extended frequency range. This device will also be sold in non-US markets where use of the extended frequencies may be authorized. The applicant also requests that the grant note "EF" be included on the Grant of Equipment Authorization for TPL COMMUNICATIONS, INC., to indicate Extended Frequencies.

The applicant will notify the end users in the US that:

1. The device is to be used only for the frequencies allowed by the user's radio station authorization.
2. It is a violation of FCC rules if the device operates on unauthorized frequencies
3. This device uses extended frequencies and may contain functions that are not operational in US Territories, except as noted in the filing.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Lenny Uchenik', written over a light gray rectangular background.

Lenny Uchenik
