Subject: Limited Module Approval for **BBO29BT2K9**

To Whom It May Concern:

We, the Cobra Electronics Corporation, hereby request a Limited Module Approval as provided in Section 15.212 of the FCC Rules. The requirements of this section have been fulfilled as follows:

15.212(a)(1)(i); Requirement of RF Shielding: The module meets the radiated emissions limits of sections 15.209 and 15.249 of the FCC Rules.

15.212(a)(1)(ii); Requirement of Buffered Input: The module does not provide a direct data input to the modulator.

15.212(a)(1)(iii); Requirement of Power Supply Regulation: The module incorporates its own regulators, which are denoted as U2, U5 and U7 in the documentation.

15.212(a)(1)(iv); Antenna Requirement: The module incorporates a permanently attached antenna.

15.212(a)(1)(v); Stand-Alone Test Configuration: The module was tested in a stand-alone test configuration as described in the test report.

15.212(a)(1)(vi)(A); Labeling Requirement: The module will be labeled with its own FCC identification number, and the device into which the module is installed will display a label referring to the enclosed module. A picture of the external label is included with the documentation.

15.212(a)(1)(vii); Operating Requirements: The module meets the specific rules for this type of transceiver, and the User's Manual contains instructions for maintaining compliance.

15.212(a)(1)(vii); RF Exposure: The module complies with RF exposure requirements as demonstrated in the test report.

Sincerely,

A handwritten signature in black ink that reads "Ron Kabler". The signature is written in a cursive, flowing style.

Ron Kabler
