Timco Engineering Inc.
849 NW State Rd. 45
Newberry, FL 32669

Ref: FCC ID: BBOXRS9430

Dear Sirs:

With regard to the referenced application, Cobra Electronics Corp. hereby requests permissive change for the above referenced radio, which has been modified with new cases and new industrial design. The microwave, HF, UHF, and audio circuitry as well as the microprocessor remained the same. The permissive change modification is supported by original and updated circuit diagrams, parts lists and internal photographs.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Sterling", written in a cursive style. The signature is positioned above the printed name and title.

Jeff Sterling,
Director of Microwave Engineering
