Subject: Declaration for variation models.  
FCC ID: BBP-RFAEG01  
Applicant: Ricoh Company, Ltd.

To Whom It May Concern:

There are two equivalent models included in this application, Color Laser Printer (Pro C900) and Color Copier (Pro C900S). The only difference between two models is scanning function. Pro C900S has scanner, but Pro C900 has no scanner. Testing in accordance with FCC Part 15 Subpart B is performed separately for each model. However, since there is no difference on Radio characteristics, we will obtain FCC grant in accordance with FCC Part 15 Subpart C with one FCC ID by testing one representative model (Pro C900).

Thank you for your attention to this matter.

Sincerely yours,

Seiji Nakamura
