

Internal components of the mobile phone, including the battery pack, motherboard, and various connectors.

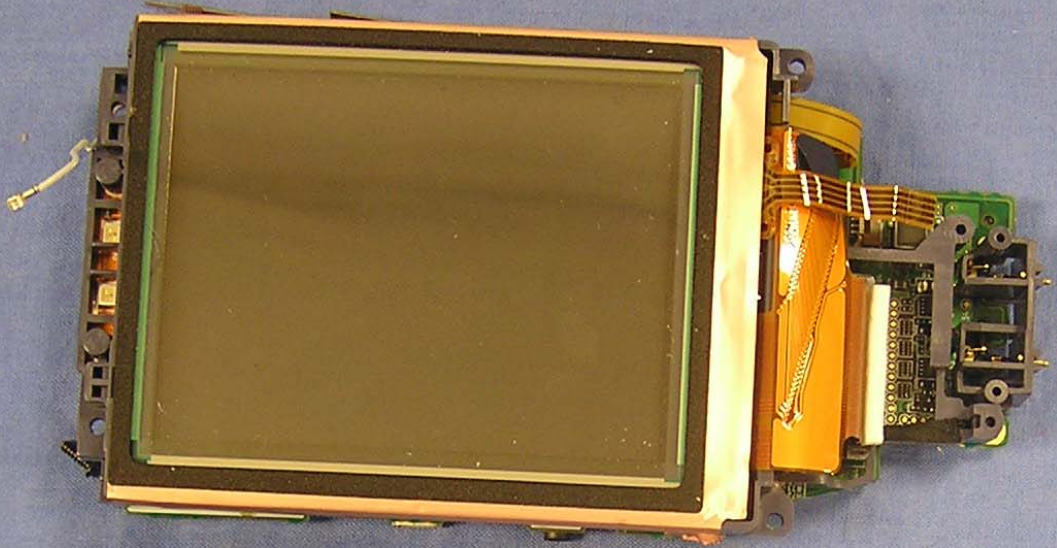

Labels on the battery pack:

- Windows CE NET 4.1
- Part no: 50036-126-232 on 7
- X11-18308

Instructions on the battery pack:

- When replacing the battery pack, make sure you do not leave your Handheld Terminal without the battery pack being installed for more than about 10 minutes. Doing so can cause data in the memory to be deleted.
- When replacing the battery pack, be sure you carefully follow the proper procedure as explained in the User's Guide.

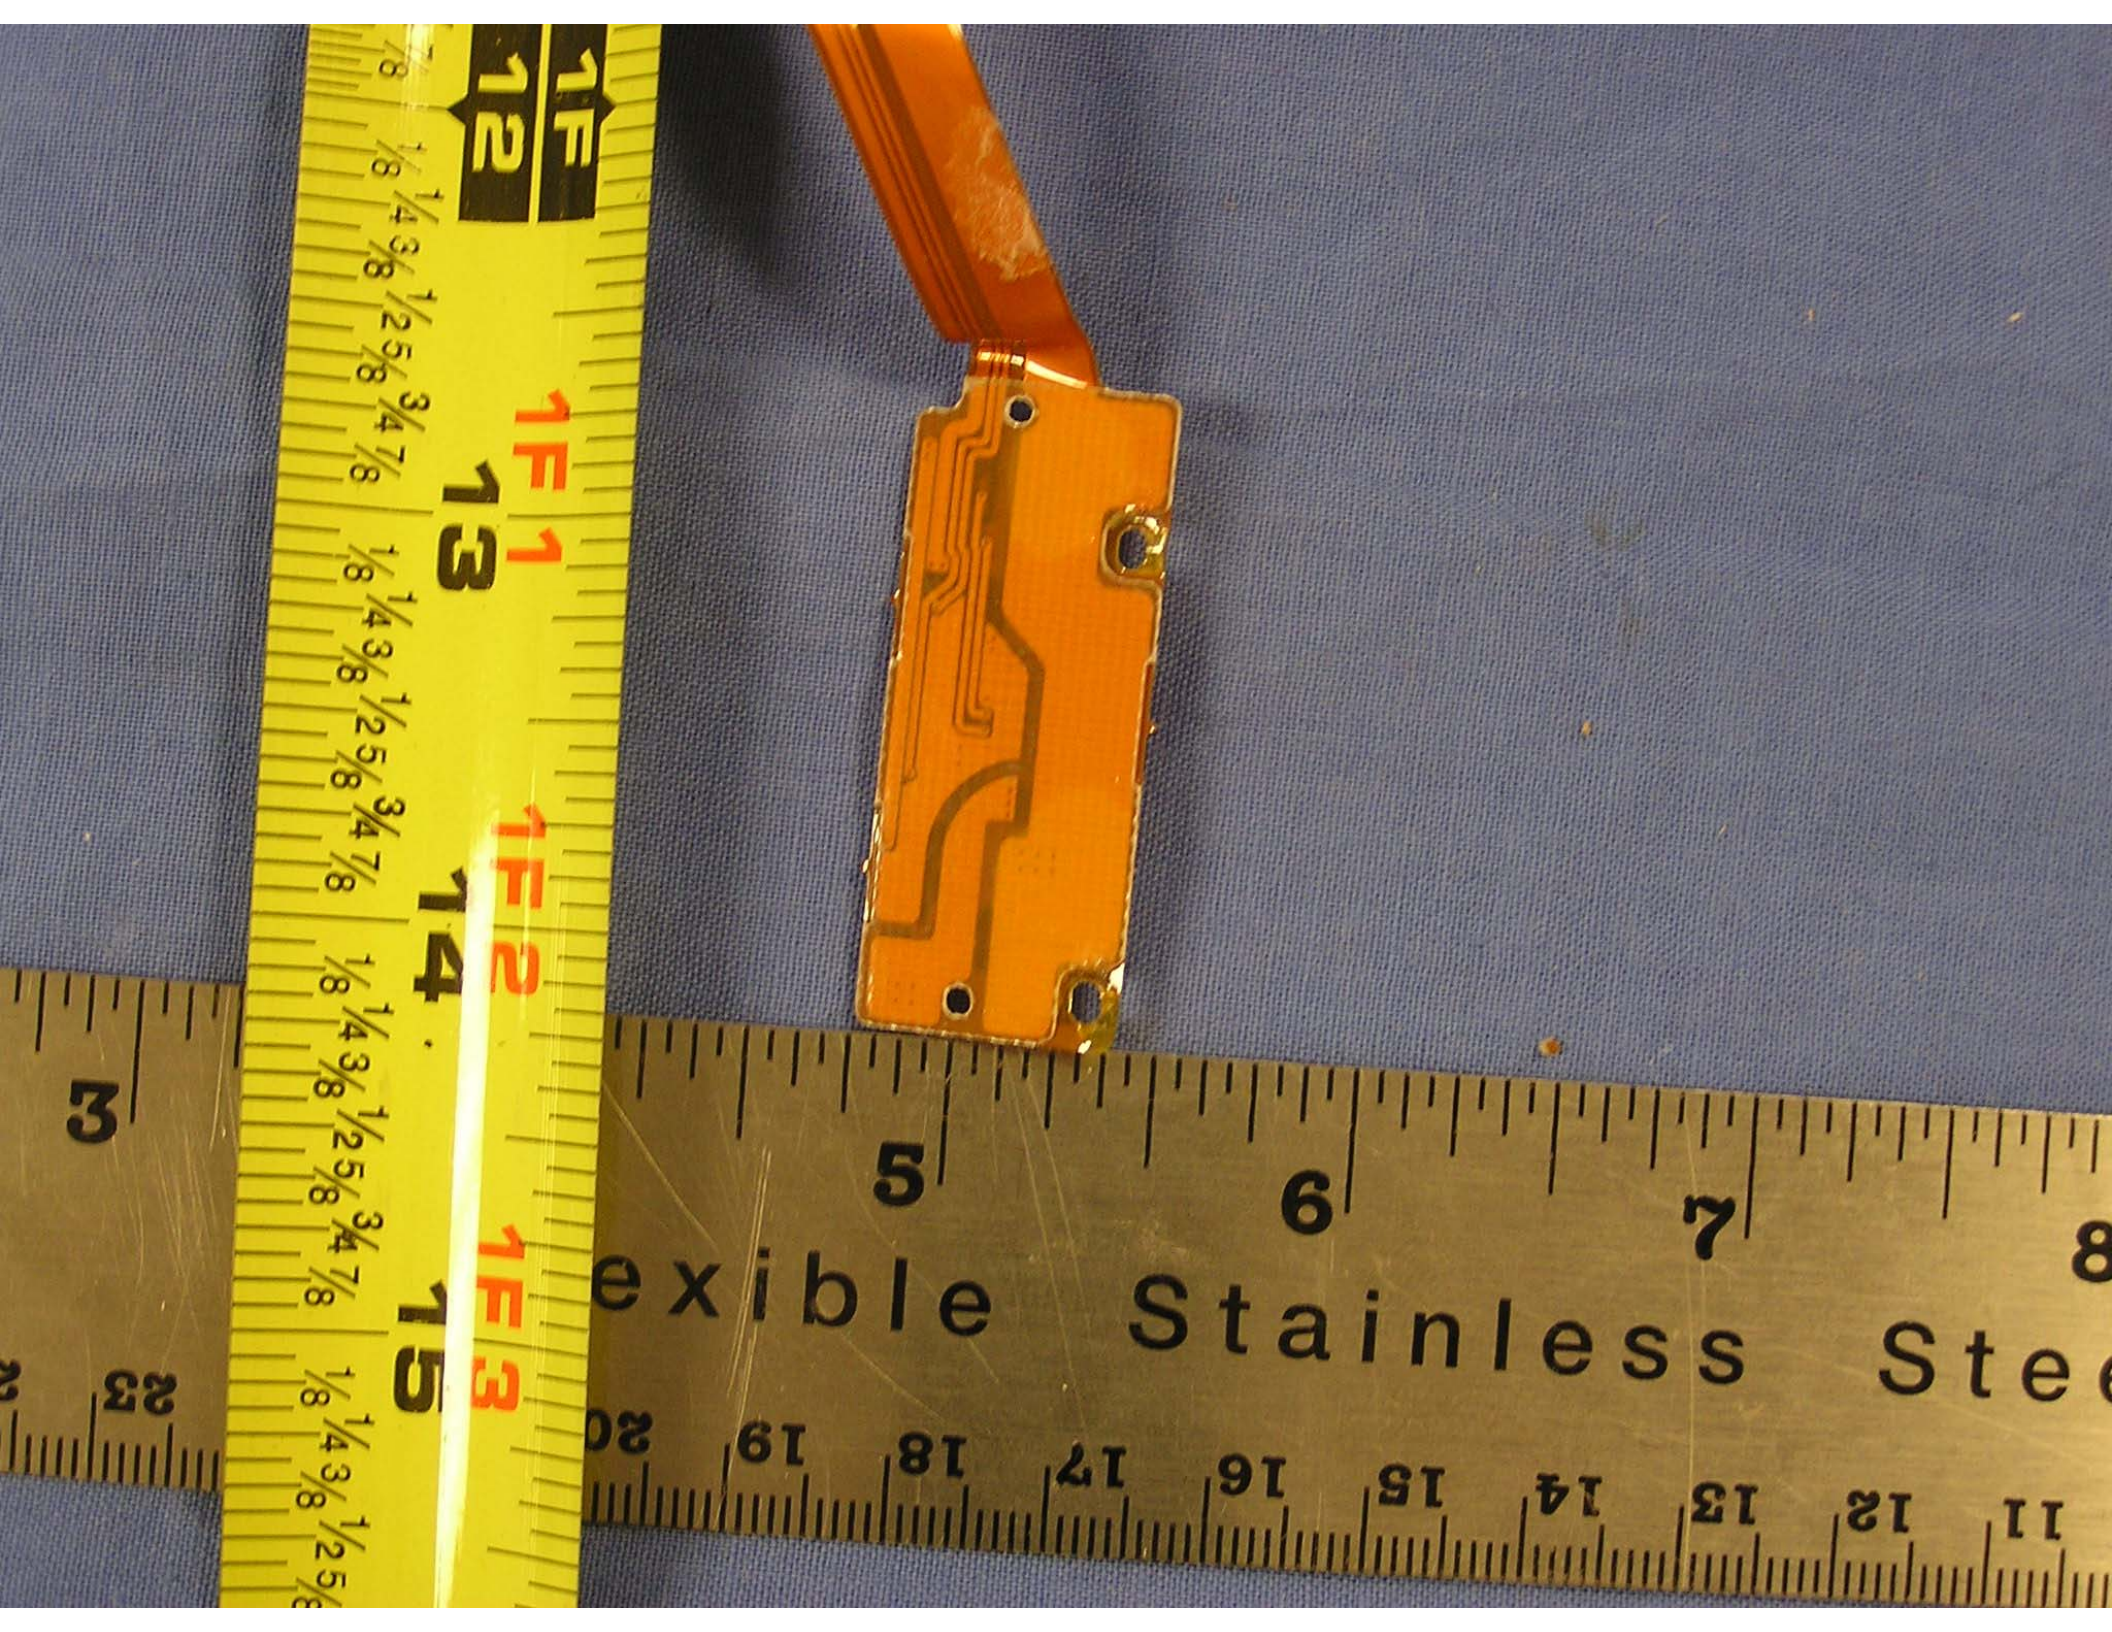

When replacing the battery pack, make sure you do not leave your Handheld Terminal without the battery pack being installed for more than 10 minutes. Doing so can cause data in the memory to be deleted.

When replacing the battery pack, be sure you carefully follow the proper procedure as explained in the User's Guide.
