FCC ID: BCE-BT325s

FCC Part 15 Certification

Gentlemen,

In accordance with 0.459 of CFR 47, GN Mobile hereby requests confidentiality of Block Diagrams, Circuit Diagrams (Schematics), Parts List and Operational Description attached for the subject application.

These documents contain detailed system and equipment description and related information about the product, which GN Mobile considers to be proprietary, confidential, and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, GN Mobile considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Yours faithfully
