FCC ID: BCE-BTE1
FCC Part 15 Certification

Gentlemen,

In accordance with part 0.457 and 0.459 of CFR 47, GN A/S hereby requests confidentiality of the Circuit Diagrams (Schematics) attached for the subject application.

These documents contain detailed system and equipment description and related information about the product, which GN A/S considers to be proprietary, confidential, and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, GN A/S considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.
